The screenshot shows the homepage of the symposium website. At the top, there is a navigation menu with links for HOME, PROGRAMME, REGISTRATION, LOCATION, ORGANISATION, and CONTACT. Below the menu is a large banner image of a rural landscape with a path leading through fields. The main title is "Symposium on Land Consolidation and Land Readjustment for Sustainable Development" with the dates "9 to 11 November 2016 | Apeldoorn | The Netherlands".

Below the banner, there are two columns of text. The left column contains a welcome message and a detailed description of the symposium's goals and topics. The right column features a "REGISTRATION" button and a "DETAILED PROGRAMME" button. At the bottom of the page, there are logos for the organizing institutions: kadaster, FIG, LANDNET, and the Food and Agriculture Organization of the United Nations. On the right side, there are logos for the supporting organizations: THE WORLD BANK and GLTN.

The block contains two photographs of trainees. The left photograph shows a group of six people (three men and three women) posing outdoors in a forest setting. They are dressed in casual outdoor attire. The right photograph shows a group of seven people (four men and three women) posing indoors in what appears to be an office or training room. They are dressed in business-casual attire.

The image shows a screenshot of the Kadaster website homepage. The website header includes the Kadaster logo, a 'Contact' button, and a search bar. The main content area features a large hero section with a woman's portrait and the headline "'Fit for purpose' land administration". Below this are three news items: "Invitation to Land Consolidation Symposium (NL)", "It's deadly dull and can save the world", and "Land rights for the world". A blue overlay on the right side of the page contains the text "Thank you", the website URL "www.kadaster.com", and the email address "Paula.dijkstra@kadaster.nl". The Kadaster logo is also present in the bottom right corner of the overlay.

'Fit for purpose' land administration
A flexible and pragmatic approach to meet the needs of people and the environment.
